

Oakland County Trails and Greenways Workshop

Environmental Stewardship Program
Planning & Economic Development Services

Made possible through financial support provided by
The Community Foundation for Southeastern Michigan's
GreenWays Initiative

Southwest Area Table ____

Greenway System Legend:
A greenway network is comprised of three basic parts: links, hubs and sites.

Greenway Links
Links are the heart of the greenway system. They are the liner connections for people.

Type of Link:

- Off-Road Corridors
- Roadway Based Corridors (Bike Lanes & Sidewalks or Sidepaths)

Status of Link:

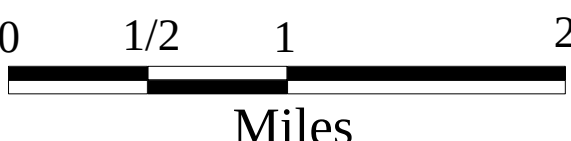

- Existing or Nearing Completion
- Under Development
- Detailed Design / Study Underway
- Planned (Included in a Report)
- Preliminary Concept

Greenway Hubs
Hubs are the anchors of the system, such as large parks and major cultural attractions.

Greenway Sites
Sites are smaller features than hubs that serve as points of interest and frequent destinations.

Legend for Other Symbols
